Item 4 Other Business Activities

A. Investment-Related Activities

1. Owen L Schrum is also engaged in the following investment related activities:

Registered representative of a broker-dealer

Advisor also carries the securities license required by FINRA (Financial Industry Regulatory Authority) in order to offer securities products and execute securities transactions separately from their registration as an Investment Advisor representative providing investment advice. This additional licensing allows our advisors a much more robust suite of products to offer to their clients. Registration, supervision and continuing education are all requirements for maintaining this type of registration.

Conflicts of holding this type of license could be in cross-selling. Selling out of an advisory account and buying in a securities account and thereby generating a commission for the representative. Moving monies from an advisory account into a commission account in order to affect a commissionable trade. Accounts and trades are reviewed for these types of activities.

The types of commissions that may be earned on these types of accounts/products could be any one of the following:

1. Mutual Fund 12b-1 commissions
2. Mutual Funds Trail Commissions
3. Direct Product Sponsor Commissions

Licensed as an insurance representative allows the advisor to offer various insurance products such as Variable Annuities, Life Insurance, Long Term Care insurance. Typically these products generate commission payments to the representatives selling

the products. The ability to offer these products to clients allows the advisor a much more robust suite of products and thereby providing the client with a much more comprehensive financial plan.

2. Holding these additional licenses and allowing the advisor the ability to offer securities products and insurance products in addition to their investment advice, may create a conflict of interest if the advisor is recommending these products in order to generate commissions rather than looking out for the best interests of the client. Each of these purchases is reviewed and approved by a principal of the firm. In addition, many of these products come with additional disclosures so that the client can fully understand the product.

B. Non Investment-Related Activities
